

# Year 6 Newsletter

June 2026

## Teacher's Note

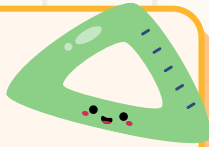

Hello Families! I cannot believe that we are in our final term. We have lots of exciting things planned.

As always, thanks for your support.

## Transition

As we approach the end of the year, we will be spending time helping the children prepare for their transition to secondary school. This will include developing independence, organisation skills, and confidence in managing new routines and expectations. We will also be giving children opportunities to ask questions, reflect on their learning, and think positively about the exciting changes ahead.

## What We're Learning

- Maths: We're working on area and volume, statistics and Geometry.
- Reading: We will be focusing on reading and inferring a range of texts both fiction and non fiction.
- In Science we will be completing our work on living things and their habitats.
- In Literacy we will be reading and writing Shakespeare.

## Homework

Please remember to read at least 4 times a week and make a note in your reading record.

Spelling homework needs to be completed by Friday.

SPARX Maths must be completed.

Thank you

## Upcoming Events
